

DOFUS – DOFUS TOUCH: The New Update Is Emerging from the Ground

Having been reclusive in the depths of the mountain for a long time, a stubbearded unshaven people is coming out of the mines. The **Stubbyobs**, also experts in brewing beer, are at the heart of the new update for the MMO *DOFUS*. And for the first time, the *DOFUS Touch* update is running in the same vein at the same time.

Roubaix, June 26, 2018: The Hard-Head clan in *DOFUS Touch*, the Freezammer clan in *DOFUS*: Irreconcilable fraternal enemies make up the two aspects of a **new family of opponents** that'll give players something to chew over.

In *DOFUS*, they're arriving with a **boss** for a king who defends the entrance to his brewery fiercely. It's an area in which adventurers will find the resources necessary to craft three brand new sets and a very special bow... Flying mounts, the Rhineetles, are also making their appearance alongside an **in-depth revamp of the breeding system**, which will eventually allow **part of the game's economy to be improved**.

In *DOFUS Touch*, you'll also find a **dungeon with a boss**, five new monsters, two sets, quests, and achievements. In addition to everything new related to the Stubbyobs, players will discover a new **rift** (level 170), a **set** (level 200), and various **improvements**.

Fire up the games on Tuesday, June 26, to discover and test these new features in the *DOFUS* update, "The Stubbyobs and the Forge of Kings", and the *DOFUS Touch* update, "Forge and Honour".
