About the Ankama group

Ankama is an independent company that creates, publishes and distributes works of entertainment worldwide. From video games to board games, from animations to mangas, it controls the production chain of its creations from A to Z. Known for its MMORPGs and the animated series *DOFUS* and *WAKFU*, part of a vast universe called the Krosmoz, it achieved its first full-length feature film in 2016, *DOFUS – Book 1: Julith*. Its many other creations include: the *Krosmaster Arena* board game and figurines; the mobile video games *Tactile Wars*, *King Tongue*, *DOFUS Pogo*, *Nindash*, *WAKFU: The Brotherhood* for smartphones and tablets; and manga and graphic novels such as *Mutafukaz*, *Shangri-La*, *City Hall*, *Radiant*, and *Freaks' Squeele*. Indeed, since 2004, the Ankama teams have been applying the principles of transmedia and creating universes that they develop through multiple stories in multiple media, thereby offering their communities of players, readers and spectators a full and immersive narrative experience across all popular platforms. At Ankama, every story is unique, but they are all interconnected.

To get an idea of what's going on at Ankama, take a look at: *DOFUS Touch*, the tablet and smartphone version of *DOFUS*, released in late 2016; *Krosmaga*, a collectible card game combining combat and strategy; season 3 of the animated series *WAKFU*, aired on France 4 and NETFLIX France in 2017 (with worldwide release in April 2018); and the movie *MUTAFUKAZ* with Orelsan, Gringe, and Redouanne Harjane, scheduled to hit the big screens in France on May 23, 2018.
