

## KROSMAGA: STEAM Release and Cash Prize

Ankama is bringing Krosmaga's international audience together with its **STEAM** catalog, and is preparing its **first e-Sport tournament** with a **cash prize**

**Roubaix, April 6<sup>th</sup>, 2017.** Playable on **mobile** devices and **PC**, **Krosmaga**, the new online **collectible card game** from Ankama, is arriving on **Steam** on **April 6<sup>th</sup>**! The French creator is therefore strengthening the international audience of its latest addition, released worldwide in late February (and is also offering **players a "Foggnaut" Platform**).

At the same time, it is making its **STEAM** catalog of video games (including **WAKFU**, **Krosmaster Arena**, **Flynn**, **Abraca**, and others) and animation available to an even greater audience.

### BIG ENOUGH FOR E-SPORT

At the same time, **Krosmaga** is keeping up its momentum. After a notable visit to the **Montpellier e-Sport Show** in February, Ankama is meeting its players' expectations by setting up its first ever tournament with a **cash prize**.

Organized in partnership with the specialist sites **MadCorps**, **Millenium**, and **Gamers Origin**. It will take place over **four successive weekends** between **April 22<sup>nd</sup>** and **May 14<sup>th</sup>**. The finalists will share a **prize of €3,000**.

#### **About the Ankama group**

Ankama is an independent company which creates, publishes and distributes works of entertainment worldwide. From video games to board games, from animations to mangas, it controls the production chain of its creations from A to Z. Known for its MMORPGs and the animated series DOFUS and WAKFU, part of a vast universe called the Krosmoz, it achieved its first full-length feature film in 2016, DOFUS – Book I: Julith. Among the many strings of its bow: the board game Krosmaster Arena, its figurines and its online version; the video games Tactile Wars, King Tongue, and DOFUS Pogo, on smartphone and tablet; but also mangas and comics such as Mutafukaz, Maliki, City Hall, Radiant, and Freaks' Squeele. Indeed, since 2004, following the principles of transmedia, the Ankama teams have been creating universes developed through several stories and in several formats, thereby offering their communities of players, readers and spectators a full and immersive narrative experience across all popular platforms. At Ankama, every story is unique, but they are all interconnected.

To get an idea of what's going on at Ankama, you should take a look at: DOFUS Touch, tablet and smartphone version of DOFUS, released in late 2016; Krosmaga, a collectible card game mixing combat and strategy, planned for the first half of 2017; and the animated series WAKFU, whose fans will be presented with a third season in late 2017.
